
**AGAHOZO-SHALOM
YOUTH VILLAGE**

**2014
ANNUAL
REPORT**

A MESSAGE FROM OUR LEADERSHIP

Dear friends and supporters of Agahozo-Shalom,

As we celebrate our sixth year of cultivating futures and transforming lives, we recognize the remarkable journey that has brought us to this moment. From the vision of our Founder, Anne Heyman, to the project and programs she started that have empowered some of the most vulnerable kids in Rwanda, it has been a truly inspiring transformation that proves nothing is impossible.

After the tragic passing of our beloved Founder in January 2014, we, as an organization – students, faculty, staff and Board of Directors – found our footing and forged ahead with confidence. We worked with inspiring partners and supporters around the world to transform some of the most vulnerable kids in Rwanda into change-makers, and advance the mission of the Village. We have seen that the best results are produced by a collective sense of responsibility and cooperation, and we know that we have only begun to see the positive ripple effect our work is having on our kids, their families, and their communities.

When Agahozo-Shalom opened its gates and welcomed its first class of 128 kids in 2008, none of us could have imagined how far our impact would reach, or how transformative our programs would be for the children of the Village. Our kids and staff are paying it forward, making a positive impact in their local communities. This is all possible because of you – our committed supporters, partners, and friends.

Each day we all make a decision about where we focus our minds, hearts, and energy, and we are appreciative that so many people have made our work possible. Agahozo-Shalom would not be a reality without the dedication of our staff, volunteers, and supporters around the world – people who believe that our work is saving, improving, and empowering lives. The progress recorded in this report is not ours alone, it also belongs to you.

Sincerely,

Laurie Toll Franz
Board Chair

LOOKING AHEAD

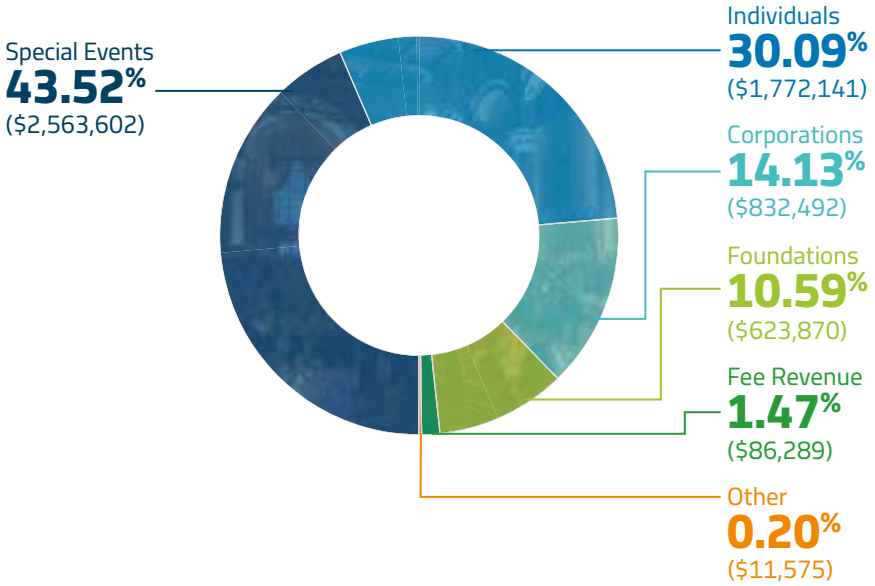

- Focusing on Monitoring & Evaluation to measure the success of our students and the impact of our programs. We are committed to restoring the rhythm of life to those who call Agahozo-Shalom home, and nurturing active, engaged change-makers who care about the world.
- Focusing on the long-term health of our Village by working on capital projects like completing work on resolving the water crisis, repairing shifting building foundations, digging drainage ditches, and fixing leaky roofs.
- Strengthening and deepening our vocational education tracks in order to better prepare and equip our kids for life beyond graduation.

“Because of the ASYV, the darkness gets drowned out by hope and the knowledge that I will build a bright future for myself.”

–Bruce

**“The most important lesson I learned
at Agahozo-Shalom is that we are
the ones who can make the world a
better place. I learned that you do not
need many things to help others, only
a helping heart. I have learned to take
responsibility in my community and to
be a role model.”**
—Antoinette

MISSION STATEMENT:

To enable orphaned and vulnerable youth to realize their maximum potential by providing them with a safe and secure living environment, health care, education and necessary life skills. Education and service are used to model and create socially responsible citizens in Rwanda and around the world.
